

Housing & Development Task Force

Housing and Development Initiatives

- Support properly situated high density residential projects
- Support apartment development and vertical growth
- Work to reduce the cost of Government and property taxes (school taxes)
- Create viable mixed use redevelopment solutions in appropriate areas
- Continue to increase the young adult database
- Create living space for young adults

Action Long Island presents...

2nd Annual Long Island Housing Conference April 2011

Action Long Island brings together renters and buyers of all types to meet realtors, landlords, builders, lenders, attorneys, brokers, non-profit housing organizations and more! Educational seminars on all aspects of renting and buying on LI run throughout the day!

www.ActionLongIsland.org

In an attempt to lower the cost of housing and other properties on Long Island, the primary objective of the Task Force is to review, and make recommendations to control and lower property taxes as well as finding a way to retain Long Island's young professional talent by providing them with diverse and affordable housing options.
